##### "Hook of Holland."

Charles Frohman will present Frank Daniels, whose abilities and record as a mirth maker in musical comedy are so conspicuous, at the opera house on Tuesday evening, in the highly praised "Hook of Holland." The piece was a decided "event" of the last theatrical season. Prettier songs, quainter costumes, livelier fun, have not been of-

ferred here before in many years. The musical numbers of "Hook of Holland" have been universally pronounced pleasing for both in theme and treatment, many of these songs are absolutely unique. There is a daintiness to the entire performance that is its special charm, and there is not a dull or colorless air in the score. Daniels' comedy in the leading role of "Hook" the rich old Dutch brewer, is quaint, peculiar and always delightfully entertaining.

#### At the Orpheum.

All around changes in the three acts comprising the week's bill at the Orpheum was the order at yesterday's matinee and during the remainder of the week the big Texas Comedy Four, Howard and Cameron and Eddie Foy will be seen in new work.

At each of the performances of yesterday the house was crowded from the orchestra pit to the front doors, which is evidence sufficient that the bill is one that entertains vaudeville patrons.

Next week's bill will be a "corker" and will be announced in The Journal's advertising columns tomorrow morning.

#### At the Bijou Today.

The Bijou will present an entirely new bill today and tomorrow, every one of the many attractions changing their program.

Jeanne & Ellsworth put on a musical comedy act yesterday that took with the audience from the jump. Their two trained dogs were seen in this to much advantage and the act was loudly encored at every performance. It is one of the best put on at the Bijou in several weeks.

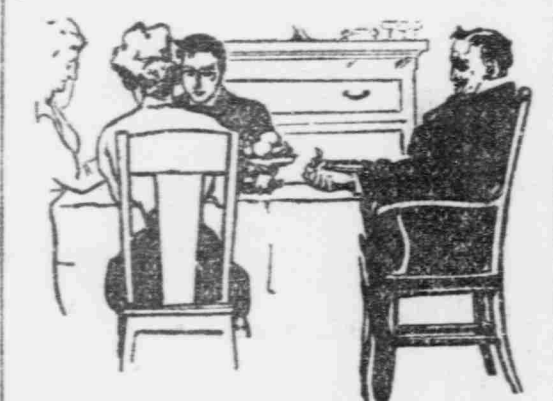

Yesterday ended Mike Donlin and Mabel Hite with the singing and talk-

## The Harmony Of Home

Does Not Mingle With or Emanate From the Table of Dyspepsia.

In the home, meal time should awaken in all the inhabitants a peculiar harmony of joy which will make for the home the abiding place of interest and happiness.

If one member at the dinner table is out of sorts, his influence is felt and the harmony is lacking. Conversation and mirth are absent. Devouring thoughts assail the diners and silence prevails.

"At the Dyspeptic's Table Ominous, Quiet and Gloom Crowds out Mirth."

All physicians agree that mirth and joy at meal time does much toward digestion. Mirth tingles the whole nervous organism of man, the cells wherein are stored valuable digestive juices, empty their contents under the nerve stimulation and promote the highest degree of digestion.

If gloom and discomfort prevail at table the reverse action obtains and meals become necessities, not anticipated joys.

Stuart's Dyspepsia Tablets are little storehouses of digestion which mix with the stomach juices, digest food, retinge the mucous membrane and its nerve centers, give to the blood a great wealth of digestive fluids, promote digestion and stays by the stomach until all its duties are complete.

If dyspepsia sits at tables it makes the dining room a place of awe; these tablets should be taken after meals and dyspepsia of a consequence flees. No need for diet or fasting. The dyspepsia who will use them religiously will find no sense of nausea in the sight of generous meals or in the odor of rich cooking.

It matters not what the condition of the stomach Stuart's Dyspepsia Tablets only improve the juices and bring quiet to the whole digestive canal, of which the stomach is the center.

For thousand physicians use these tablets in their practice and every druggist sells them. Price 50c. Send your name and address, and we will send you a trial package by mail free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

## PRAISE FROM PROF. ROLES

Commends Chamber of Commerce For Interest in Farmers' Institute.

The Chamber of Commerce has received the following letter from Director F. H. Roles, of the state agricultural station, in acknowledgment of copies of circulars sent by the Chamber of Commerce to the various county boards and to the mayors and councils of all Florida cities and towns of 1,000 population or more, in behalf of an enlarged appropriation for the conducting of farmers' institute.

"Please accept thanks for your kindly interest for the welfare of the farmers' institute. I feel very certain that the Chamber of Commerce cannot engage in a better enterprise, than in building up the back country for Pensacola.

"Not one of our cities in Florida becomes of much importance, excepting through the building up of the agricultural industries of the country surrounding it; and we have a great many instances where the cities that have neglected this opportunity have failed to develop like their sister cities that have seized such opportunities and pressed them forward.

"It is the money that circulates in a community that builds it up. If this were not so, some of our lumber mills that put out a million dollars in the course of a few months would be the most prosperous communities. Likewise, our phosphate camps, that ship out tens of thousands of dollars monthly should also help prosperous communities.

"On the contrary, we find that the lumber milling towns, the phosphate towns, and the turpentine towns are about the least prosperous and progressive communities that we have in the state."

## L. AND N. TEAMS PLAY BASEBALL

Team No. 2 Was Victorious in Yesterday's Game By a Score of 4 to 6.

A good game of ball was witnessed yesterday near the L. and N. shops, the teams having been L. and N. shop team No. 1, which carries a good name among local sporting fraternities, and L. and N. shop team No. 2, which was composed yesterday. It is said, of a "scrub" aggregation of players. After some swift, racy playing, during which time both sides did some good work, team No. 1 was beaten by a score of 6 to 4 in favor of the so-called "scrubs."

Following was the line-up of the two teams:

Team No. 1—Percy Scott, c.; T. R. Strong, p.; Shorty Joe, ss.; Robert Pine, 1b.; Fauria 'tourt, 3b.; Arthur Olsen, 2b.; Frank Myers, rf.; Clarence Bond, cf.; and Jack Olsen, lf.

Team No. 2—Willie Bond, c.; Alton Waltz, p.; L. C. Griffin, ss.; R. C. Rourke, 1b.; Ernest Watson, 2b.; Mac McAvoy, 3b.; Gally Robinson, lf.; Frank Marabella, rf.; and R. Valley, cf.

## ALEX. D. WOOD PASSES AWAY

Succumbed to the Injuries Which He Received on Wednesday.

Following the telegram received Wednesday night telling of the serious accident to Alex D. Wood at his home at Columbia, Ala., that afternoon, came another yesterday morning telling of the death of Mr. Wood during the night.

Mr. Wood received the injuries by a tree falling upon him, and the first telegram stated that little hope was entertained for his recovery.

The deceased was the father of Mrs. T. A. Jennings, of this city, and had a number of friends here who will regret to learn of his death.

## EXERCISES THE LAST OF MAY

Plans Are Already in Progress For Big Event of the School Term.

Although the date is two months distant, plans are already receiving attention for the school commencement of 1909, which is to occur during the latter part of May.

Superintendent Cook is inclined to look upon matters pertaining to the work of the present school year very enthusiastically at the present time, as a great deal of importance has been carried out relative to the leading plans of local educators.

This year's commencement exercises are to be exceptionally auspicious, and the present planning has commenced only in order that all minor points may have received attention before the larger ones appear to engross the attention of those most directly concerned.

Present indications, in fact, are bright for a good showing at School No. 1 especially, and one which will shed credit upon pupils and teachers alike.

## STEAMER MAUDE WAS AT MESSINA DURING 'QUAKE

VESSEL WHICH ARRIVED HERE YESTERDAY ASSISTED IN TAKING TERRIFIED RESIDENTS FROM MESSINA TO PALERMO.

The steamer Maude, Capt. Horner, which arrived here yesterday from New York, consigned to W. L. Whitich, and which will take out a cargo of lumber and timber, was among the vessels in the harbor at Messina during the earthquake of a few months ago, which destroyed that city.

Capt. Horner in speaking of the earthquake yesterday to friends said the scenes of destruction, grief and terror are indescribable, a beautiful city being transformed in a single night to one of desolation and mass of wreckage.

The Maude assisted in transporting the terror-stricken residents from Messina to Palermo, where they secured food and clothing. She carried over seven hundred to the latter city a day or two after the earthquake.

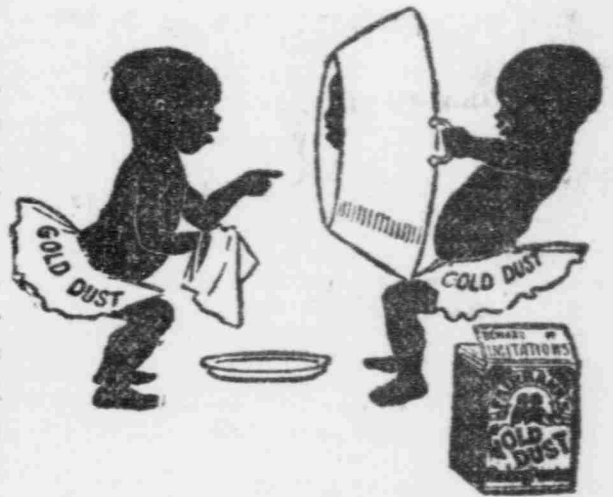

## GOLD DUST will take the grime and smut, grease and dirt from your pots and pans in a twinkling, leaving them as clean as when new

GOLD DUST is so far ahead of soap for cleaning pots and pans, that the woman who does not use it is really doing about twice as much work as necessary. The soap merely cleans off the surface, and does not dig deep after the germs of decay which accumulate on pots, pans and kettles which are in constant use.

GOLD DUST does more than clean—it goes to the very heart of things, kills every germ and sterilizes your cooking utensils. It makes them sanitariously clean and safe.

GOLD DUST does the work in just half the time that it can be done with soap or any other cleansers.

GOLD DUST is a vegetable oil soap in powdered form which starts to work the moment it strikes the water; it cleans quickly, easily and thoroughly.

"Let the GOLD DUST take do your work"
